### What to Expect

This Workshop is all about 3D cupcakes! All the kids' characters will be covered. Any special requests will be handled during the day.

### Cupcakes covered in this workshop:

- Kids Characters (Such as Winnie the Pooh, Barney, Spiderman, etc.
- Any special requests will be covered (time permitting)

### About 3D Cupcakes

There are so many different and exciting ways to decorating cupcakes for kid's birthday, corporate events and even naughty adult parties. Knowing the different effects and techniques will give you the edge over other cake decorators by giving each batch their own unique style. This is a fun workshop with loads to be learned!

## GENERAL INFORMATION

Students will be supplied with all the Sponge cupcakes including everything required to decorate them. Throughout the workshops there will be comprehensive step-by-step decorating demonstrations carried out by Carol where every technique and step required to decorate the cupcakes will be fully explained. After each demonstration students will carry out each featured step themselves.

As this is a hands-on workshop and seats are limited to 12 students, any potential problems or queries that individuals may have, can be handled and ironed out on a personal basis. Students will be provided with all the relevant recipes to take home, as well as their completed cakes. At the end of the workshops, each student will be awarded a certificate on request.

## CUSTOMER REVIEWS

"I felt Carol took my creative mind to a next level, especially with the teddy bear picnic: if I knew that I had to sculpture a teddy bear and tea set before enrolling, I might have had second thoughts. I don't think the level was too advance; it would have been my perception beforehand. I definitely learned a lot more than I ever read on the internet or books that I bought.

The small handy tips are so useful, and since I have much more confidence in my creating than before. Carol is so natural in the way she is doing everything.

Thanks for a wonderful experience, and I will be in contact with you again. Please keep me updated if there are more courses to come, I will always be willing to extend my skills."

"I enjoyed the workshop immensely yesterday and would love doing another one. When I got home with the cakes my boys asked if it was their birthday and if they can stick candles in the cake and blow them out. Dad could not believe his eyes either. He could not believe that I actually decorated the cakes myself, but thanks to the certificate I can prove to him that I actually did attend a workshop and that I did make the cakes myself. It was a brilliant experience and would not have traded the day for anything else! WOW I can be creative as well!!!!?"

Great and again THANK YOU VERY MUCH FOR YOUR EFFORTS CAROL"
